MEMORANDUM FOR: Deputy Director (Plans)

THROUGH: Acting Chief, Development
Projects Division, DDP

SUBJECT: Proposal for Recoverage of Cuba

1. This memorandum contains a recommendation for approval in paragraph 3.

2. The COMOR on 11 January considered a request of the Navy member for recoverage of Cuba, note having been made of the fact that the last TALENT coverage was on 6 December 1961. The COMOR also took note of the fact that in previous missions important targets had not been covered or adequately covered since September 1961. The need is to update the order of battle intelligence necessary to maintain current contingency planning; and to detect possible buildup of military forces or equipment which might be intended for action in the Caribbean area.

3. Recommendation: The COMOR recommends that recoverage of Cuba be obtained during the month of January 1962, detailed targets for flight planning having already been provided to Intel/DPD.
